November 2022

This special FAO event takes place in preparation for the 2023 UN Water Conference.

The Rome Water Dialogue, organized by FAO's Land and Water Division, will provide an opportunity to: 1. Raise awareness on the role of water in achieving the SDGs; 2. Deeply connect the water sector with the largest user of water, the agricultural sector; 3. Develop innovative solutions and actions for the future; 4. Discuss the national water roadmap approach to achieving global commitments and the SDGs at the national level.
